Aduvally Mission Project

Last year, the Karuthal Education project supported 150 students from financially low-income families and also helped equip these children with educational resources such as bags, books, pencils, etc. Over the past years, our Sunday School has taken up this project as our own, and the Karuthal Education Project relies on us to fund and support them in this noble and important endeavor.

Each year, our goal has been to raise \$3,000 for the Aduvally project, and our Sunday school student strength translates to roughly \$30 per student. The collection of amount intended will be collected starting the month of May, starting next Sunday, May 8th, 2022, and on all the preceding Sundays. Each student is requested to give their donations to their respective teachers in class, or the parents can give them to the SS treasurer Ms. Marybeth Babu.
